This Amendment is intended to provide answers to the following question:

- Question:** "We were hoping to write for money to improve services to WIC clients identified as being overweight or obese by providing additional nutrition education and incentives. We would be asking for funding for employee salary, new scales, incentives and a portion of the purchase of a car for additional travel to outlying sites. What part of this plan would qualify for funding through the WIC Special Projects grant?"

Answer: The applicant can apply for all of the components that they have outlined within the grant. However, they must note that the employee salary will only be funded, if approved, through the grant closing period. Applicant will have to sustain this position on their own upon completion of the grant.

All other provisions of this solicitation shall remain in their entirety.
